

# Lumera Learning

## 2026-2027 Course Schedule

Professional AI Training & Workforce Development | Toronto, Ontario | Established 2024

The current schedule reflects Lumera Learning's established certification pathway, with stronger continuity across programs, broader business use cases, and more advanced applied AI capability for teams and leaders.

### Curriculum emphasis

- Consistent four-level certification pathway
- Applied business AI and automation
- Internal assistants and knowledge workflows
- Executive governance and transformation planning
